Exam Registration & Fee Receipt Request

Module	**:**	**Examinations & Student Requests**
Publish Date	**:**	**25-Nov-2026**

This guide helps you register for your semester-end examinations and raise a fee receipt request on the MITE ERP student portal.

Steps at a glance

1	2	3	4	5	6
Login to Portal	Review your course list	Review your fees	Pay the fees	Register for examination	Collect the physical receipt

Registering for an Examination

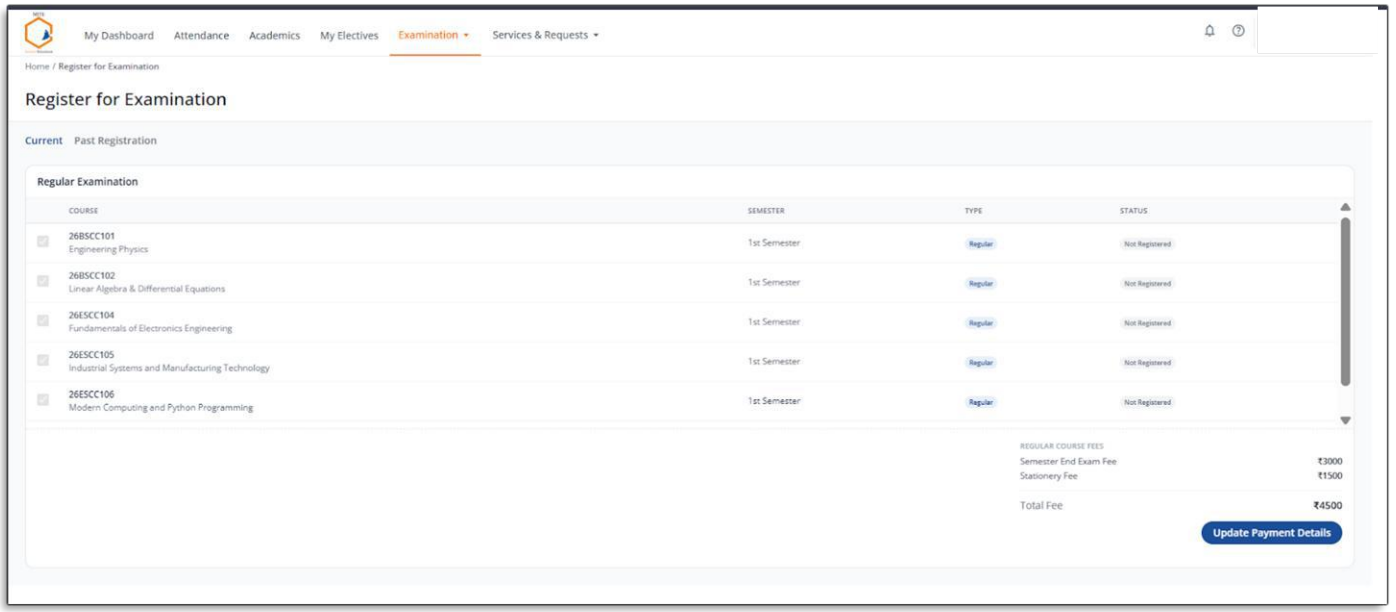
Use this flow to register for your Regular or Makeup semester-end examination (SEE) during the registration window your department announces.

Step 1

Log in to the MITE ERP student portal.

From the top navigation, open Examination > Register for Exam.

The page shows whichever registration window is open for you — Regular or Makeup — with your course table and fee totals.

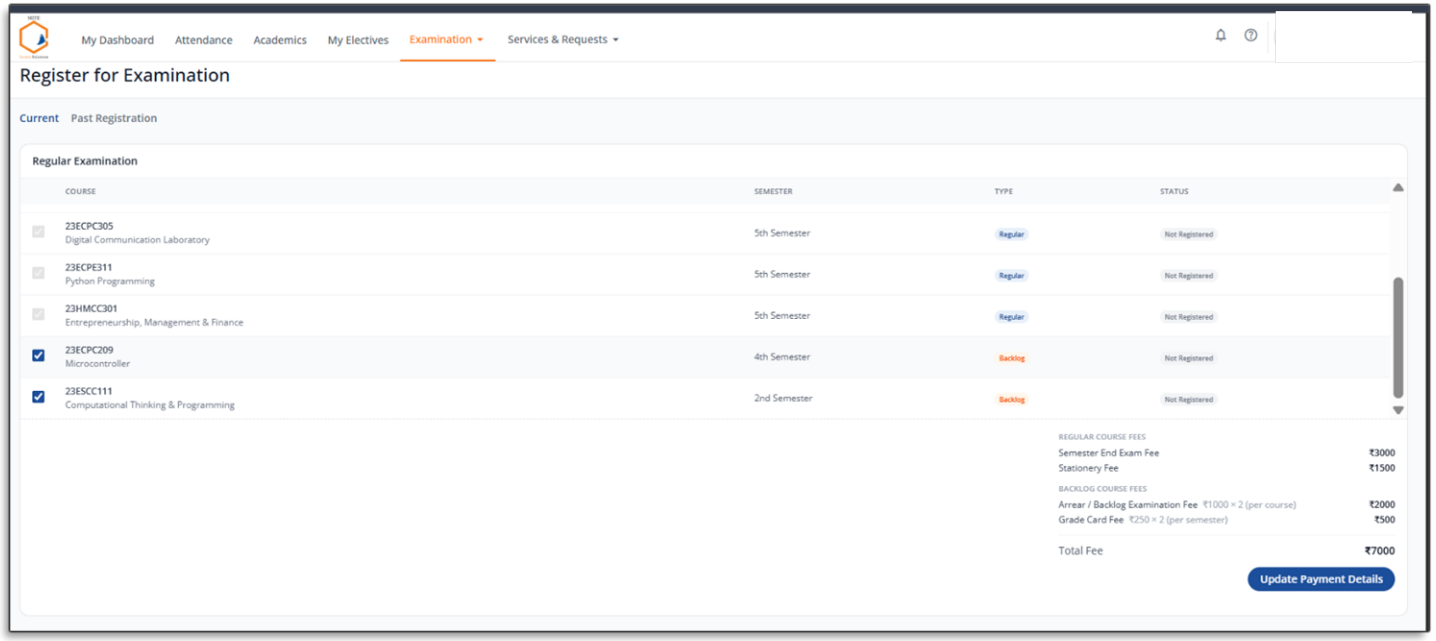


Step 2

Regular courses are locked and pre-checked — you have to attempt those courses without exception.

Backlog / arrear courses if any are listed below the regular courses and are **also pre-checked by default — scroll down within the table to see them.**

Each row shows the Semester, a Regular/Backlog badge, and a Registered/Not Registered status.



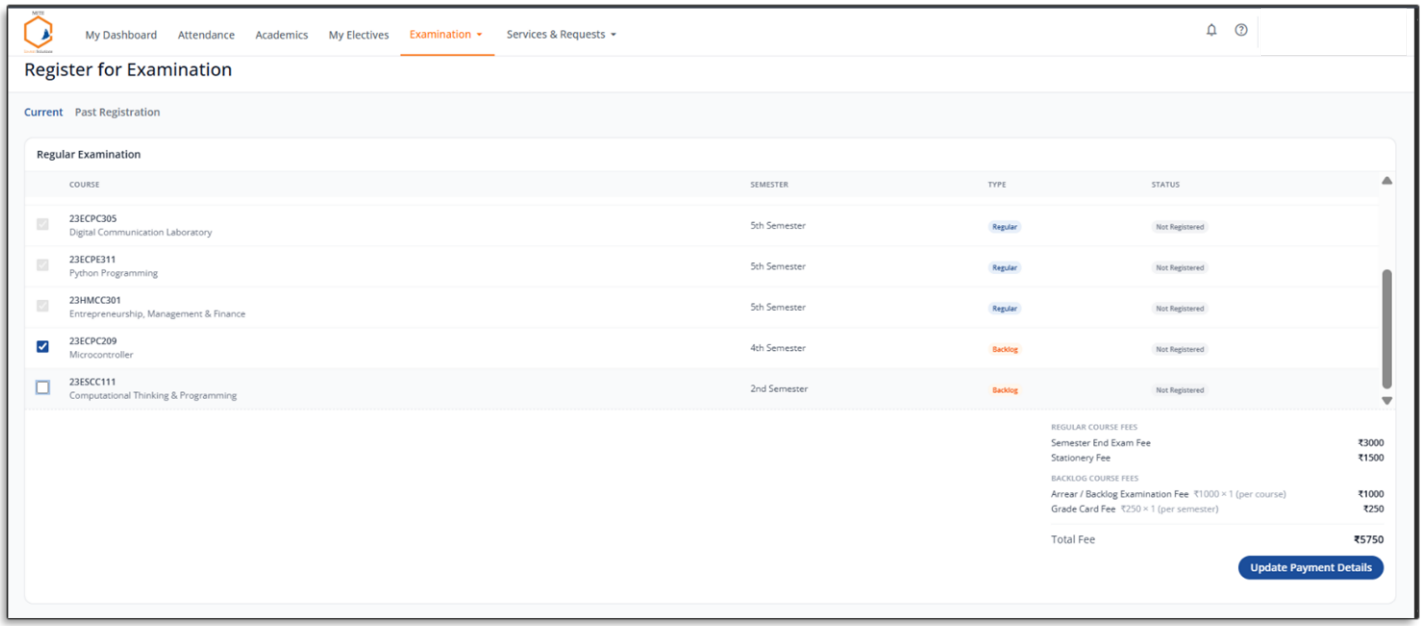
Step 3

Untick any backlog course you do not want to register for in this window.

The Estimated Fee panel updates immediately — Regular, Backlog and Other charges, ending with a Total Fee.

Make the payment to the bank for the shown fees and note down bank transfer details including a screen shot of the transfer details. These are needed to complete your registration

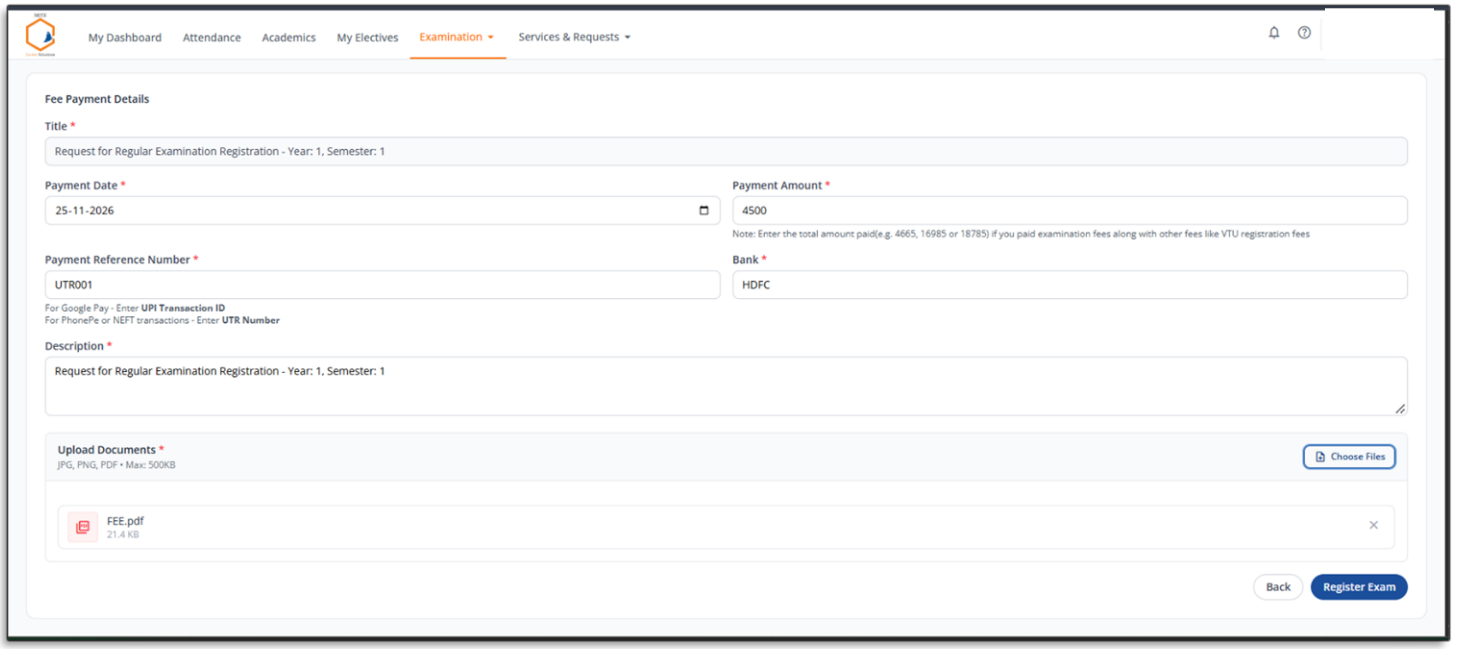
Once satisfied, click **Update Payment Details** button.



Step 5 Enter payment details. Enter the correct reference number for a smooth reconciliation of your payment and generation of receipts.

Without a receipt entered by the MITE accounts team, **you will not be issued a hall ticket**

After bank details, click on **Register Exam**

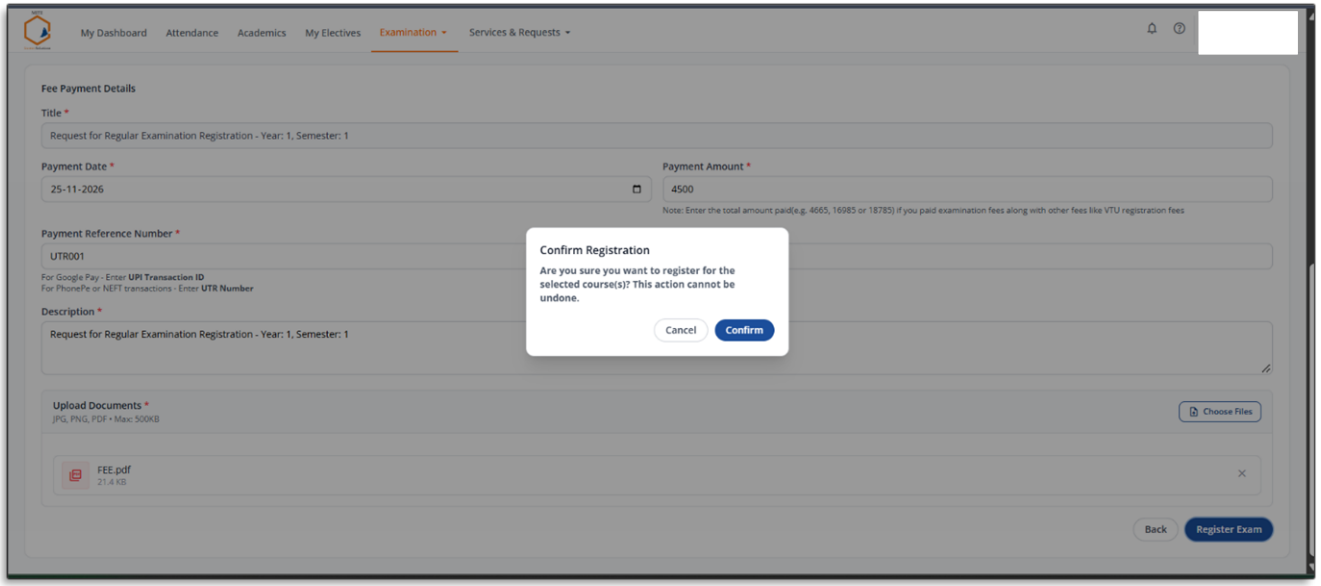


Step 4

A "Confirm Registration" dialog appears:

"Are you sure you want to register for the selected course(s)? This action cannot be undone."

Click Confirm to submit, or Cancel to go back.



Step 6 A success message appears on top right hand corner The Status column updates to Registered for the submitted courses. The button changes to a disabled Registered state. **You can view the past registration by clicking on Past Registration tab**	
Late (Penalty) Registration

If you miss the regular registration window, the Controller of Examination may open a penalty registration window for a few extra days. You follow the exact same steps above on the same Register for Exam page — the only difference is that a Late Submission Penalty Fee is added under Other Charges in the fee breakdown before you confirm.

Viewing the status of a Fee Receipt Request

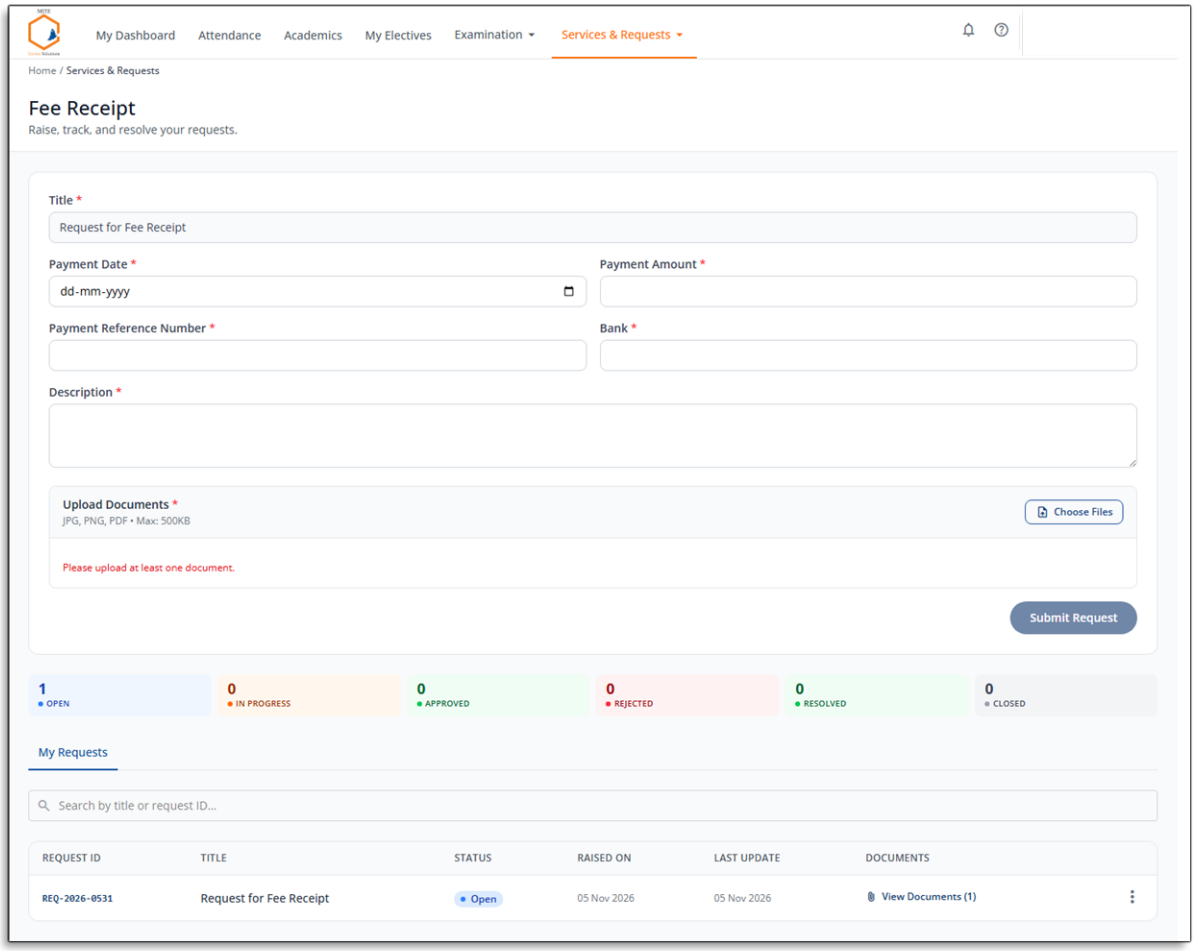
After you pay the exam fee online and register for your examination, use this flow to check the status of the fee receipt request.

Step 1

From the student portal, open Services & Requests from the top navigation.

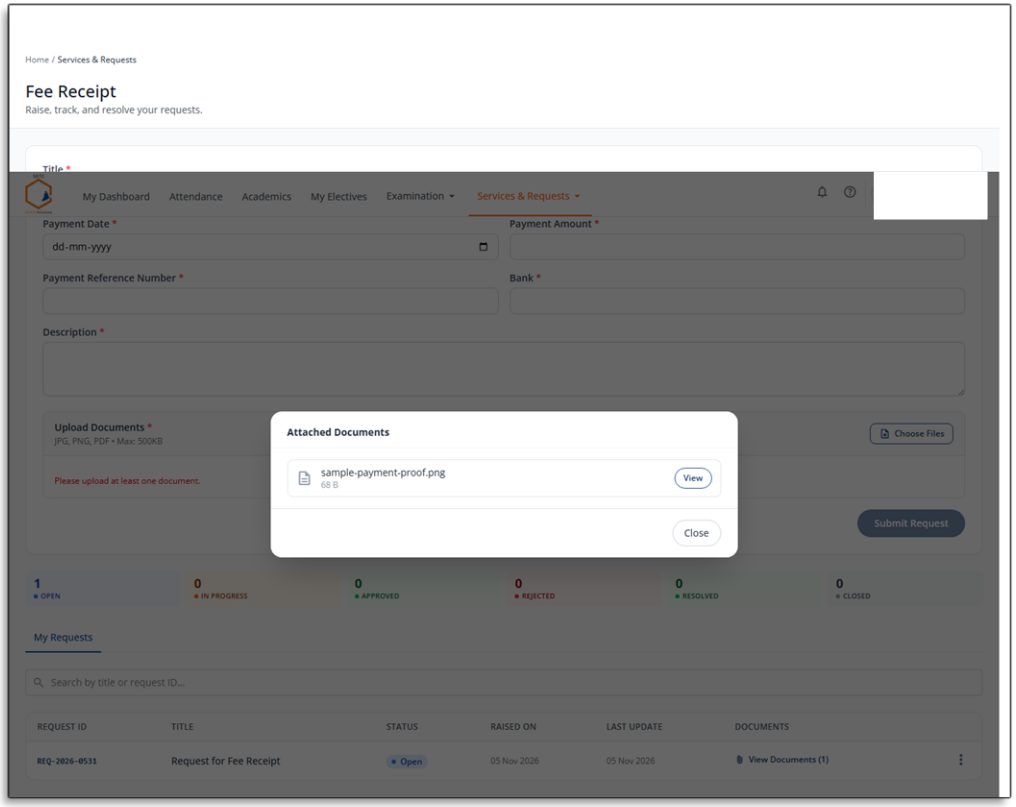
Your request appears under My Requests, starting in Open status.

It moves to In Progress, then Approved / Rejected / Resolved, and finally Closed.



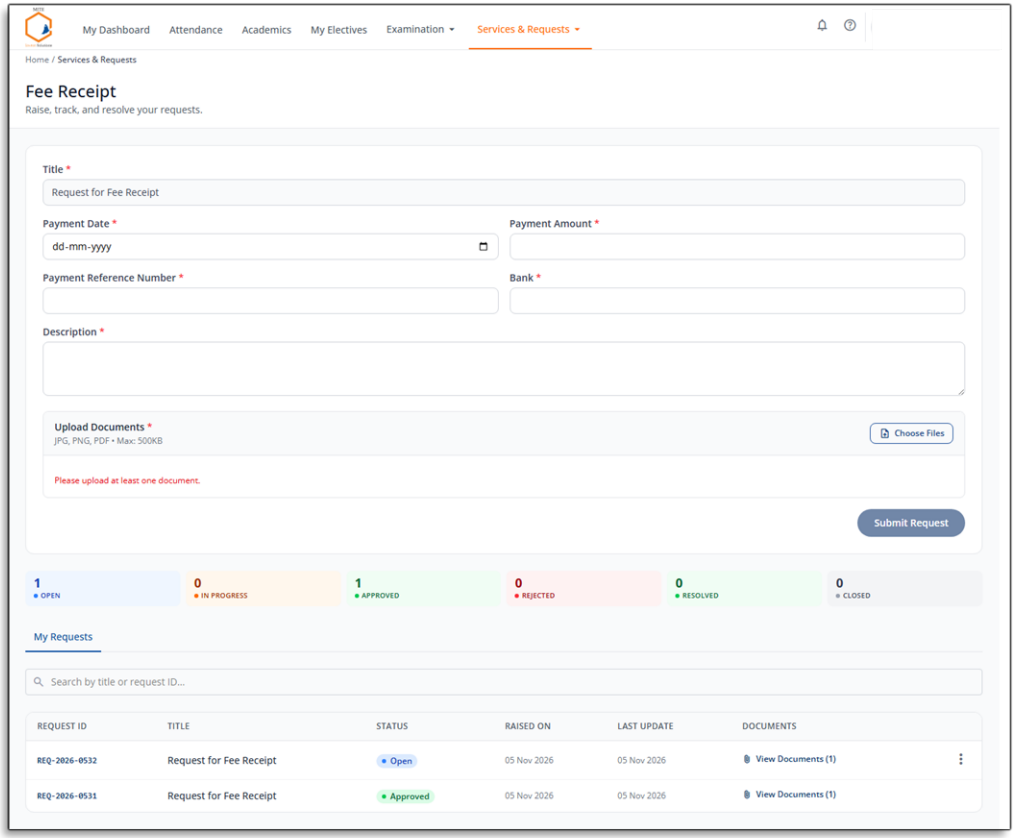
Step 2

Click the Documents link on any request row to view the file(s) attached to it.



Step 3

Once your request's status shows as Approved, please collect your fee receipt from the Accounts section.



Common issues and resolutions

Issue	Causes and Resolution
Register Exam button is disabled / greyed out	The registration window for your Regular or Makeup exam is not currently open, you have already registered for everything eligible, or (during a penalty window) you have reached the maximum number of allowed registration attempts. Contact your department office if you believe this is incorrect.
Nothing shows on the Register for Exam page	There is currently no open Regular or Makeup registration window for your course. Check back once your department announces the registration dates.
Estimated fee does not match what I expected	The fee breakdown only reflects currently ticked backlog/arrear courses plus any applicable regular, grade-card or late-submission charges. Tick/untick courses to see the total update live before you submit.
Submit Request button stays disabled on the Fee Receipt Request form	A required field is empty, or no supporting document has been attached yet — a document is mandatory for this request type.
I cannot find my request after submitting	Use the search box above the My Requests table, or use the status filter cards (Open / In Progress / Approved / Rejected / Resolved / Closed) to narrow the list.
My request has been open for a while with no update	Status changes happen as your request moves through the approval chain at your department/office. No student-side action is needed; check back later or contact accounts department.
