

Induction and UHV Cell

Induction depicts the process whereby the incumbents change in accordance with or adjust to their new roles and environment. It is a well-planned event to educate the new entrants about the environment in a particular institution, and connect them with the people in it. Mangalore Institute of Technology and Engineering is committed to provide a protected, reasonable, holistic, harmonious learning with human values. Universal Human Values & Student Induction Programme Cell is set up in accordance with the AICTE guidelines.

Functions and Responsibilities:

- Organizing and conducting SIP as per AICTE and UGC guidelines.
- Create self-awareness and self-exploration among the students
- Create cordial atmosphere for the new student to acclimatize, foster healthy friendship with their peers.
- Familiarize the fresher's about the Institutional rules and regulations, norms, academic and administrative structure and learning resources
- Enabling the students to be an eco-friendly human engineers & manager and contribute effectively to the human society and existence as a whole.
- Adapt new environment and realize human values in personal and professional life
- Activities management and records maintenance.
- Final submission of SIP report by the coordinator
