This is to certify that **Ms. Raveena Ramesh**, pursuing her 7th Semester of **B.E. (Civil Engineering)** from Mangalore Institute of Technology & Engineering, Moodabidri, has successfully completed **1 week internship program (from 04/07/2016 to 09/07/2016)** at our firm.

During the course of this internship program she has shown keen interest in observing practical facets of various on site construction practices & office planning work as well as production techniques of our unique range of construction products.

We hope that the knowledge acquired here will benefit her in her future career and wish her all the success in life.

DEPARTMENT OF CIVIL ENGINEERING

INTERNATIONAL CONFERENCE ON “Global Civil Engineering Challenges in Sustainable Development and Climate Change” (ICGCSC - 17) on (17th – 18th March 2017)

DEPARTMENT OF CIVIL ENGINEERING at MANGALORE INSTITUTE OF TECHNOLOGY AND ENGINEERING, in association with CAFET-INNOVA technical society, MITE chapter is organising a two-day International conference on “GLOBAL CIVIL ENGINEERING CHALLENGES IN SUSTAINABLE DEVELOPMENT AND CLIMATE CHANGE” during 17th-18th March, 2017 as a part of **Decennial celebration** of our esteemed institution.

Department of Civil engineering was started at MITE in the year 2012. The Department focuses on overall development of students through innovative teaching and learning. One of the main objectives of the Department is to produce qualified, competent and employable civil engineering graduates to cater the needs of industry and society by imparting requisite knowledge and training in different areas of Civil Engineering and emerging technologies.

A Local CAFET INNOVA Technical Society Centre was started under the Department of Civil Engineering of our institution in association with CAFET-INNOVA Technical Society, Hyderabad. It is an International non-profit organization set up to encourage teaching faculty and young talent especially students towards the field of Research & Development (R&D) and harness their intellectual abilities for the betterment of institution as well as industry.

This conference mainly focusses on sustainable development of the world through new and innovative ideas in civil engineering. With increased focus on development; critical roles of civil engineering in addressing the large-scale pressing challenges faced by society around the world are widely recognized. Such large – scale challenges include access to affordable health care,

tackling the coupled issues of energy, transportation and climate change, providing more equitable access to clean drinking water, mitigation of natural and man-made disaster, environmental protection and natural resource management, among various other problems. Mobilizing the civil engineering community to become more effective in delivering real products & services of benefit to society, especially in the developing world, is a vitally important international responsibility. The overall global issues and challenges include: the need to reduce poverty, promote sustainable social and economic development, globalization; and the need to bridge the digital and broader technological and knowledge divides. Specific emerging issues & challenges include: Climate change mitigation, adaptation and the urgent need to move to a low-carbon future; and calls for increased investment in infrastructure, engineering capacity and associated research and development.

This conference received more than 100 papers from different countries like Japan, Spain and Bangladesh and also from reputed institutions and industries within India. After a stringent review from expert committee 76 papers were selected for this conference. The selected papers for the conference will be published in the form of proceedings volume of the International Conference with ISBN cited number 978-93-5267-355-1 in a hard copy sanctioned by MHRD Government of India.

This conference will cover main themes relevant to the civil engineering fields like Earth Science and Engineering, Advances in Structural Engineering, Transportation & Highway Engineering, Geo-Technical Engineering/Geo Environmental, Construction / Concrete Technology, Water Resources and Irrigation Engineering, Environmental Engineering & Environmental Law.

This International conference will be a great opportunity for young engineers to put up their new innovative ideas towards the sustainable development of the world, where they will have interaction with Professors, delegates from India and abroad who will take part in this conference to express their vision and views towards sustainable development and climate change. Participation in this conference will undoubtedly provide a great opportunity for the students and young researchers across the world to enlighten their knowledge.

This conference will have distinguished panellists and key note speakers like Dr.Shuichi Torii Kumamoto University, JAPAN and Dr.Paloma Pineda Deputy Director, IIRSP, University of Seville, SPAIN. The inauguration of this conference will be presided by Sri Rajesh Chouta, Chairman and founder of Rajalaxmi education trust, Mangalore.

Outcome of this conference will not only advance the knowledge of young researchers but also provides a new goals to be achieved towards sustainable development like ensure healthy living and promote well-being for all at all age. Ensure access to affordable, reliable, sustainable and renewable energy for all. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all. Make cities and human settlements inclusive, safe, resilient and sustainable. To make immediate action to combat climate change and its impacts by regulating emissions and promoting developments in renewable energy, opines Principal Dr. G L Easwara Prasad.

CONFERENCE THEMES:

Latest Development in the following BELOW MENTIONED main themes

- **Challenges and Issues in Civil Engineering**
- **Earth Science and Engineering**
- **Advances in Structural Engineering**
- **Transportation & Highway Engineering**
- **Geo-Technical Engineering/Geo Environmental**
- **Construction / Concrete Technology**
- **Water Resources and Irrigation Engineering**
- **Environmental Engineering & Environmental Law**

INDENTED BENEFICIARIES

Scientists and Engineers from R & D organisations, Professionals from Govt. &Public sector undertakings, Research scholars, Academicians, Builders, Realtors and Developers, Architects, and Students are invited to contribute research papers and participate in the deliberations of the conference from all over the globe.

Two days International Conference is inaugurated by Chief guest Dr. M Baba, Former Director – Centre for Earth Science, Trivendrum, Kerala
