## ACTIVITY 1: SADBHAVANA DIWAS PLEDGE

**Date: 20-08-2024**

**Time: 2.00 – 3.00 PM**

**Target audience: MITE Students and Faculty**

### Brief about the event:

In order to encourage the national integration, peace, love, affection and communal harmony among the Indian people of all religions. In the year 2008, 20th of August the Sadbhavana Diwas or Harmony Day is celebrated to commemorate the birth anniversary of the earlier Prime Minister of India named Rajiv Gandhi.

**SADBHAVANA DIWAS**

**Time: 10.00 – 1.00 PM** **Date: 20/08/2024**

The event aimed to promote national integration, peace, and harmony among the students and staff of the institution. The day also commemorated the birth anniversary of former Prime

Minister Rajiv Gandhi, who envisioned a united and prosperous India. ‘Sadbhavana’ means goodwill and bonafide.

Sadbhavana Diwas is celebrated across the nation with great zeal and enthusiasm. On this day a pledge is also taken by the people across the country, which is as:

“I take this solemn pledge that I will work for the emotional oneness and harmony of all the people of India regardless of caste, region, religion or language. I further pledge that I shall resolve all differences among us through dialogue and constitutional means without resorting to violence.”

Students of MITE took the oath along with faculty to ensure their interest as well as responsibility in national harmony. After the oath students shared their point of view in this regard. It created a positive vibration among the students.

faculty and students. This initiative not only aligns with the AICTE's Activity Point Program, providing valuable credits, but also empowers our mentors to inspire, innovate, and transform the educational landscape. Through this program, we aim to cultivate a culture of forward-thinking and adaptability that will ripple through future generations of learners and leaders.

Day 1: On the day students and faculty members were given introduction to the significance of the program and explained the value of design thinking and guide them in creating charts that illustrate the stages of design thinking with appropriate images. Faculty members were told to ensure that their mentees are preparing chart presentations for each stage, incorporating the images provided and advised them to prepare their content for delivery in both English and the local language on the topics like "Mission India 2047". 30 faculty members were part of program.

Day 2: On the day during morning session students and faculty members were given further clarity about design thinking to make sure they stick to the concepts and will be able to deliver the contents to the target audience. In the afternoon session, students were told to make charts representing "Mission India 2047" covering various topics to showcase the growth of India. The presenters were given feedback to make few changes in the topic and the concepts covered highlighting the strengths and areas of improvement. 30 faculty members were part of program.

Day 3: On the day students went to schools to conduct programs. Students from MITE organised various talks, activities, sessions and competitions to the students of respective and held interactive sessions, winning teams were awarded prize. The student's team was accompanied by faculty members from MITE for better clarification and support students in smooth conduction of event. 20 faculty members were part of program.

The "Mentoring the Mentors on Creative Thinking" program was a valuable and impactful initiative that successfully instilled creative confidence in both our faculty and students. This program marks a beginning towards cultivating an enduring culture of creativity, critical thinking, and resilience among educators and learners. MITE NSS look forward to building on this foundation to inspire and equip future generations with the skills needed to excel in a complex world.

*Dr. Bindu Madhavi J addressing faculty members and students about design thinking*

*Mr. Swaroop addressing on designing and developing creative posters and presentations*

Spoorthi Special School was established in 2017 with the mission to provide holistic education and support to children with special needs. The school caters to students of various age groups and offers a range of programs tailored to meet the individual needs of each child. The school's curriculum integrates academic learning with life skills, physical therapy, and occupational therapy.

MITE as part of corporate social responsibility visited a Spoorthi Special School which served differently abled children of various age groups, and celebrated Independence Day. To inculcate donating habits in students, donations were collected from students and needed in things donated to special schools like inverters, indoor sports materials, water purifier, etc. worth Rs 1 Lakh. During the visit, we had the opportunity to interact with the school's principal, teachers, and therapists. They shared insights into the challenges they face, including resource limitations and the need for specialized training. The dedication and passion of the staff were evident in their approach to teaching and caring for the children.

We also interacted with some of the students during classroom sessions and therapy activities. The students were engaged and responsive, and it was clear that the school's environment fostered their growth and development. A visit to Spoorthi Special School was an enlightening experience that highlighted the critical role such institutions play in supporting children with special needs. The school's commitment to providing a nurturing and supportive environment is commendable.

After the inaugural program, special kids of the school entertained the guests with song and dance. NSS volunteers and students entertained the audience with a few performances. The visit was accompanied by Dr. Raghavendra Sagar, HoD, Physics, Mr. Suraj Shet, Department of Civil Engineering, Prof. Amruth A G, Department of AI&ML, Prof. Akshathraj Jain, NSS Officer MITE. For the last few years, MITE is continually helping these special schools financially as well as morally. A total of 22 students were part of the program.

## ACTIVITY 4: REPORT ON BLOOD DONATION CAMP

**Date: 16-07-2024**

MITE NSS organized a blood donation camp along with MITE YOUTH REDCROSS unit of the institution on 16-07-2024 at MITE campus.

**Time: 9.30AM-1.00pm**

**Target audience: Students and Faculty of MITE**

**Venue: Auditorium III**

**Participated Blood bank: KMC Hospital, Mangalore**

**KS Hegde Medical Academy, Deralakatte**

### Brief about the event:

MITE NSS along with MITE YOUTH REDCROSS organised a blood donation camp on 16/07/2024 with support from Lions club Bendoorwell, Mangalore, KMC Hospital, Mangalore and KS Hegde Medical Academy, Mangalore

The banner features the MITE logo and name at the top left, followed by accreditation details from NAAC (A+ Grade) and AICTE. It includes logos for NIRF (151-300) and CGPA (3.44). The central text reads 'BLOOD DONATION CAMP' in large red letters, organized by 'MITE YOUTH RED CROSS (YRC)' and 'MITE NATIONAL SERVICE SCHEME (NSS)'. It also mentions 'with LIONS CLUB, (BENDOORWELL, MANGALORE)'. At the bottom, it lists 'KMC Hospital, Mangalore' and 'K S Hegde Medical Academy, Deralakatte'. A black bar at the very bottom contains the venue 'MITE Auditorium III', date '16.07.2024', and time '9.30 AM'. The banner is decorated with various logos including the Red Cross, National Service Scheme, and Lions Club.

The program was inaugurated by Lion Govardhana Shetty, spoke about blood donation. He is his talk said there is no alternatives to blood other than donors donating. He continues to say that there is an acute shortage of blood, Mangalore is a place where one of the highest blood donors is found but despite that, the city still facing an acute shortage of supply of blood. The problem can be addressed if an additional two per cent of Indians donate blood, as opened by the health experts. He also spoke about his experience of organising blood donation camps. He mentioned about requirements of blood, various varieties of blood, and basic requirements of blood donors and also mentioned the process blood goes through.

President of the program Dr. C R Rajashekhar, Vice-Principal of MITE, Moodbidri in his inaugural address mentioned that blood donation is the most humble work a human can do. He appealed to students to donate blood once in three months. Doctors from KMC Mangalore and K S Hegde Medical Academy, Lion N J Nagesh, Lion Ram Ganesh, Lion Nagaraja Sheety and dignitaries from Lions Club, Bendoorwell were present. A total of 125unit blood was collected from donors. All the donors were awarded certificates.

## ACTIVITY 5: INTERNATIONAL YOGA DAY "FLOW INTO WELLNESS: YOGA DAY EXTRAVAGANZA

**DATE: 21.06.2024**

International Yoga Day is observed every year on June 21 to raise awareness about this ancient practice and to celebrate the physical and spiritual prowess that yoga has brought to the world. Yoga is a practice which plays an important role in relaxing the mind and body and boosting people's immune system. So MITE NSS organized an international Yoga Day "Flow into wellness: Yoga Day extravaganza" on 21.06.2024 at MITE campus.

**Time: 10.00 - 11.30 AM**

**Resource persons: Dr. Raveesh Kumar M, Certified Yoga Teacher, Patanjali Yoga Peetam Haridhwara**

**Target audience: Students of MITE**

**Brief about the event:** Yoga, a transformative practice, represents the harmony of mind and body, the balance between thought and action, and the unity of restraint and fulfilment. It

The poster features the MITE logo and name at the top, followed by accreditation details from NAAC (A+ Grade) and AICTE. It includes logos for NIRF (ranked 151-300) and CGPA (3.44). The central text reads "National Service Scheme" in red, followed by "In association with DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING (Accredited with NBA) Organizes INTERNATIONAL YOGA DAY 'Flow into Wellness: Yoga Day Extravaganza'". A portrait of Dr. Raveesh Kumar M is shown with his credentials: "Resource person: Dr. Raveesh Kumar M, Certified Yoga Teacher, Patanjali Yoga Peetam Haridhwara". The event details are listed as "Date: 21.06.2024, Time: 10.00 AM onwards, Venue: Auditorium III". Logos for NSS, ENSA, and International Day of Yoga are also present. The bottom of the poster shows a wide shot of the MITE campus building.

integrates the body, mind, spirit, and soul, offering a holistic approach to health and well-being that brings peace to our hectic lives.

Yoga is as good as basic stretching for easing pain and improving mobility in people with lower back pain. Slow movements of yoga and deep breathing increase blood flow and warm up muscles, while holding a pose can build strength.

The program began with lighting the lamp By Dr. Prshanth C M, Principal, MITE. He addressed the gathering about yoga and the benefits of practising yoga with individuals in everyday life and highlighted the potential for customization to suit the individual. Dr. Raveesh Kumar M, Certified Yoga Teacher, Patanjali Yoga, Pectam Haridhwara addressed the gathering about the purpose of practicing yoga, he mentioned a constant practice is an investment which has a cumulative impact like financial investment. He appealed students to maintain health which is a biggest wealth in life. Yoga programme started with warm-up exercises and all the students then practised & performed sooryanamaskara, sitting and standing asanas, the importance of these was explained simultaneously.

International Yoga Day was organized by MITE NSS along with the Department of Electronics and Communication Engineering, MITE. The celebrations ended with a huge success. Around 120 students participated in the program and benefitted.

This program was aimed at giving back to the community and providing support to those in need. As part of this initiative, the students collected funds, clothes, and other essential items from their fellow engineering students.

The highlight of the Gyaan Dhan program was the visit to Spoorthy Special School, where the students spent quality time with the children. The visit was filled with joy and laughter as the MITE students engaged the special children in various activities. They played games with them, fostering an atmosphere of inclusivity and warmth. The children were also encouraged to sing songs, showcasing their talents and boosting their confidence. Later books were donated to special children as gesture of sharing the joy.

The visit was not only a gesture of goodwill but also an eye-opening experience for the MITE students. It allowed them to understand the challenges faced by differently-abled children and the importance of compassion and empathy in society. The program was a success, leaving a lasting impact on both the students of MITE and the children at Spoorthy Special School. The Gyaan Dhan initiative reflects the values of community service and social responsibility upheld by MITE, and it *serves as an inspiration for others to contribute to the betterment of society.*

and rehabilitation. The goal of drug awareness programs is to reduce the prevalence of drug abuse, promote healthy lifestyles, and support those affected by addiction. Implementing drug education, organising interactive sessions, and spreading educational materials in schools to inform students about the risks and consequences may be an effective measure in curbing substance abuse.

Whenever someone takes a drug for reasons other than its intended use, it is considered substance abuse. Adolescence is a time for experimentation for many youngsters, and this can lead them to engage in risky behaviours. Teens who abuse drugs may have a greater risk of developing an addiction when they are adults. Students of MITE to create awareness about this to the young generations, took up the initiative to reach out to one such community to address that issue and discussed topics like types of drugs, motives of trap, signs of someone using drugs, outcomes of using drugs, the solution to come out, etc. The neighbouring schools like Government Highschool, Neerkere, Adarsh Highschool, Thodar, Rotary Central Highschool Moodbidre, Rotary English Medium Highschool, Moodbidre, DJ English Medium Highschool, Moodbidre, DJ Highschool, Moodbidre, Muhammadiya English Medium School Kotebagilu, Moodbidre were covered and created awareness sessions for SSLC students.

Students of Artificial Intelligence and Machine Learning visited nearby high schools. The event aimed to educate and sensitize students about the dangers of drug abuse, its impact on individuals and society, and the importance of leading a healthy lifestyle. A total of 30 students were part of the program and covered 07 nearby schools are covered.

health aspects. Clean rivers provide a healthy habitat for a wide variety of aquatic and terrestrial species, supporting biodiversity and ecological balance. Removing pollutants helps restore natural processes and interactions within the ecosystem, enhancing its resilience and functionality. Reducing contaminants improves the quality of water, which is essential for sustaining wildlife and supporting various ecological functions.

MITE NSS along with Artificial Intelligence & Machine Learning department organised a river cleaning Abhiyan with the intention the clean Nandini and Nalini River. Around 64 engineering students along with 2 faculties cleaned the Nalini and Nandini River. Students picked plastic, Gunny bags, waste bags, clothes, etc. Which otherwise flows with water and makes the water dirty.

Students were given gloves to pick up the waste and were given garbage bags to drop off all the waste. Students cleaned about 1 Km long and picked up more than 50 bags of waste. The program started with a briefing about the importance of the program by NSS officer Mr. Akshathraj and ended with the handover of collected garbage's to Respective Panchayath.

## ACTIVITY 9: WALKATHON

**DATE: 18-04-2024**

**Time : 7.00 – 12.00 PM**

**Target audience : MITE Students**

**Venue : Taluk Office, Moodbidri**

### **Brief about the event:**

The MITE NSS along with SVEEP, the Electoral office, Taluk Panchayath, Moodbidri organized an election awareness camp at MITE Moodbidri. A walkathon event was organized to promote

awareness among people and improve voting percentage. The event took place at Taluk Panchayath, Moodbidri, attracting participants from diverse backgrounds, including students, faculty, community members, and local dignitaries.

The event aimed at raising awareness about the importance of voting and encouraging active electoral participation among the local community. The walkathon was held under the theme

"Vote for a Better Tomorrow, ". The event was inaugurated by Dr. Prashanth C M, Principal, MITE who emphasized the importance of voting in his/her speech. Throughout the walk, volunteers displayed pamphlets and showcased banners with messages encouraging voter participation. Slogans like "Your Vote, Your Voice" and "Be the Change, Vote!" resonated throughout the event.

The walkathon significantly raised awareness about the importance of voting, especially among the youth and first-time voters. The event successfully engaged the community, with many participants pledging to vote and encouraging others to do the same. Participants expressed appreciation for the initiative, noting that it effectively highlighted the importance of electoral participation in a vibrant democracy. The walkathon organized by SVEEP Moodbidri was a great success, effectively promoting voter awareness and participation. The event not only underscored the importance of voting but also strengthened the community's commitment to democratic values. The organizers express their heartfelt thanks to all participants, volunteers, and supporters who made this event possible.

Voters Pledge: "We the citizens of India, having abiding faith in democracy, hereby pledge to uphold the democratic traditions of our country and the dignity of free, fair and peaceful elections and to vote in every elections fearlessly and without being influenced by consideration of religion, race, caste, community, language or any inducement".

of 730 First year BE students participated in the programme. The guests of the day Mr. Chandranath, DLMT and Mangalore and Ms. Ranjitha Shetty, TLMT emphasized that voting is not merely an obligation, it's a right of every Indian citizen. They continued to say that only the voters who elect their representatives have the right to question anything that goes wrong. All the voters are considered wise citizens of the country and hence all the youth and citizens of the country need to enroll their names in the electoral list.

Mr. Chandranath, DLMT said rural voters outnumber urban voters. Voting is important because it is a way for people to have a say in their government and to elect officials who represent their interests. It is also a way for people to hold their government accountable. Voting allows people to have a voice in the decisions that affect their lives. In addition to being a fundamental right, voting is also important for the health of our democracy. When people do not vote, they are effectively silencing themselves and ceding power to those who do vote. This can lead to bad decisions being made that impact everyone, even those who did not bother to vote.

Ms. Ranjitha TLMT said in democracy, it is not simply enough to inform voters about election dates, in order to help the electorates take an informed decision, it is necessary to sensitize them about the importance of participating in the electoral process. She said that all citizens should be aware about their voting rights and they should properly exercise the rights being a responsible voter to choose the perfect representatives who could lead the Government. All citizens should realize the importance of voting and they also should encourage all eligible voters to vote. Voting is important because it sends a message to our elected officials that we care about what happens in our country and that we are paying attention to the issues that matter to us. When large numbers of people don't vote, it sends the message that we are complacent and that they can get away with anything. The electoral oath was administered to gathered students. The session ended with question and answer from students.

Voters Pledge: "We the citizens of India, having abiding faith in democracy, hereby pledge to uphold the democratic traditions of our country and the dignity of free, fair and peaceful elections and to vote in every election fearlessly and without being influenced by consideration of religion, race, caste, community, language or any inducement".

This day was first celebrated in 2011 to encourage young voters to take part in the electoral process. No doubt it is the day to celebrate the right to vote and also the democracy of India. The Election Commission's main objective is to increase the enrolment of voters, especially the eligible ones. The main purpose of the National Voters Day celebration is to encourage, facilitate and maximize enrolment, especially for the new voters. Dedicated to the voters of the country, the

day is utilized to spread awareness among voters and for promoting informed participation in the electoral process.

It not only encourages the youth to participate in the electoral process but also focuses on the fact that the right to vote is a basic right. Know about the National Voters Day history, significance, quotes, theme, and why is it celebrated in India. This year a short movie on ‘My Vote My Duty’ was released was displayed to students. Students of MITE pledged by NSS Officer prof. Akshathraj Jain to uphold democratic traditions of our country and the dignity of free, fair and peaceful elections without being influenced by considerations of religion, race, caste, community, language or any other inducement. The faculty from Aeronautical engineering Prof. Vishwaretha K R and Prof. Ajith Kumar were present during the program.

The pledge is

“We, the citizens of India, having abiding faith in democracy, hereby pledge to uphold the democratic traditions of our country and the dignity of free, fair and peaceful elections, and to vote in every election fearlessly and without being influenced by considerations of religion, race, caste, community, language or any inducement”.

objective and purpose of National Youth day. He continued to say National Youth Day is celebrated to commemorate the birth day of Swami Vivekananda, maker of Modern India with great joy, enthusiasm every year in India and said that his life is an inspiration for the present youth. It is a day to educate people to about value system in the country. The main objective behind the celebration is to make a better future for the country by motivating the youths and spreading the ideas of the Swami Vivekananda.

The First Panelist, Ms. Ishal Rebello spoke on the topic “Arise awake and realize the power of youth” and mentioned about about various challenges faced by the today’s youth. She highlighted needs of present day youth and also focused on how youth are losing focus because of various factors like social media, addiction to substance etc,. She also mentioned that youth should focus on building skills and these skills should become an entrepreneurship which will employ lot of people in turn make the country strong and places India in one the strongest countries in the world.

Second panelist Mr. Venkataramana spoke on the topic “Education for character building” and focused on need of education for youth. He mentioned that education is shortcut for success. He continued to day that today everyone has easy access to education. The contented life will have better satisfaction than just getting a degree and living for money. From education as a youth, one should learn consistency, defined target, discipline, etc. which makes one successful.

Third panelist Ms. Shreya P Shetty spoke on “Role of technology and innovation for youth empowerment” and highlighted that future belongs to technology. She said youth should develop interest in learning technology and make use for their betterment. Today youth are more on the consumption side of the internet, one can think creating content and upload it to these sites which makes them data creators and there will be lots of learning for them. Likewise, one should develop in learning AI skills, machine learning, python, etc. which helps them to make better living for everyone.

Fourth panelist Mr. Pannaga Samaga spoke on the topic “empowering young minds” and he focused on building mental strength. He continued to say that Youth empowerment is a process in which young people learn about their rights and privileges as citizens through education. It also includes teaching them about their responsibilities as citizens. Empowering youth requires understanding their needs, values and goals. In order to do that, it is important to invest in them by

creating opportunities for them to learn new skill sets and gain new experiences through volunteering or internships. It is important for young people to be empowered for them to have a successful future. In order to empower youth and bring them on a path towards a meaningful life, one need to provide them with opportunities that are relevant to their needs and interests and make them future leaders.

Mr. Rahil moderator narrated the highlights of various topics discussed by panelists. He appealed the gathering to look at people above you to achieve something great in life and said don't create followers by delegating task but create leaders by delegating authority and go behind excellence by doing your best always. The program came to an end with vote of thanks from Mr. Rahil.

Government hospital, Mangalore. Blood donation camps are those camps where blood is obtained from suitable healthy donors for people of various blood groups who need blood. If patients suffering from ailments receive the right type of blood, their lives can be saved.

The programme was inaugurated by Dr. Deepa Adiga S A, Associate Professor and Director of Blood Bank KMC Mangalore. She, in his inaugural address, mentioned that blood donation only humble humans can do as everyone is cannot do it. She mentioned a few precautionary measures to be taken before donation and mentioned the process of purification and segregation of blood. She also mentioned that donating frequently may help people to avoid cardiovascular diseases as frequent donation helps in the purification of blood in the body and also makes a man more active as all the cells will keep functioning actively. She appealed to students to donate blood once in three months.

Another guest of day, Lion N J Nagesh spoke about his experience of organizing blood donation camps. He also mentioned about requirements of blood, various varieties of blood, and basic requirements of blood donors and also mentioned the process blood goes through.

A total of 175-unit blood was collected from donors. All the donors were awarded certificates.
