- For First-Year Students:** The Convener of the Anti-Ragging Committee delivered detailed sessions on institutional policies, legal implications, reporting systems, and the institution's strict stance against ragging to ensure a safe and inclusive environment.
- Poster Presentation Competition:** With the theme "Say No to Ragging", 15 groups from senior batches participated, presenting posters on the legal repercussions of ragging, empathy, and peer respect.

Conclusion

Our dedication to a "RAGGING FREE" Campus was reinforced by the successful maintenance of a welcoming and homely environment on the MITE campus, which was made possible by the proactive steps taken to ensure the safety and comfort of newly enrolled students as well as the efficient participation of the Anti-Ragging Committee, Anti-Ragging Squad, and all staff.

The Vigilance Team's frequent contacts with first-year students, together with the continuous observation and assistance offered, were crucial in assisting them in overcoming both academic and personal obstacles. First-year student feedback demonstrated the success of these initiatives. It's also important to note that during the academic year 2024–2025, there were "NO CASES" of ragging reported on campus. This accomplishment demonstrates our steadfast dedication to establishing a secure, welcoming, and encouraging learning environment.
